To Whom It May Concern:
Re: DermaMedix Consulting

Michelle Gonzales, President and Founder of DermaMedix Consulting, has been an integral part of assisting us in our professional needs at Replenish Medspa.

She is insightful, conscientious, and detail oriented. Her follow through and ability to establish a long lasting relationship with us has developed the trust and confidence that we can count on for future business needs or questions. She and her staff are extremely professional and personable.

There are few consultants that provide the reliability and affordability that DermaMedix Consulting provides. I highly recommend their customized services for your business.

Sincerely,

Thuy Nguyen
Physician Assistant
Co-Owner of Replenish Medspa, Inc.

Age Management Medicine, Botox[®], Fillers[®], Laser Hair Removal, Microdermabrasion,
